Comparison of Three Well-known Filters for the Battery State of Health Estimation Application

Battery State of Charge and State of Health Estimation for VRLA Batteries Using Kalman Filter and Neural Networks

Presentation of a Mix Algorithm for Estimating the Battery State of Charge Using Kalman Filter and Neural Networks

Amin Sedighfar

CWNE #622 - Lead Wireless Engineer at SemFio Networks | Professor at Humber College

Toronto, Ontario, Canada

Summary

I'm a Telecommunication engineer who has hands-on experience from technician level to engineering. My responsibilities in previous job as a full time employee were in the maintenance of SCADA system.

Job Experience :

• Maintaining and troubleshooting of telemetry systems on remote stations.

• Working on Cisco switches and routers, Huawei routers, Telenetics and Zyxel modems, and wireless transmitters and receivers such as Redline, Netronics, Ubiquiti.

• Antenna alignment.

• Cabling, Working on MDFs (Main Distribution Frames).

• Acquaintance with RTU (Remote Terminal Unit) protocols.

• Acquaintance with some gas elements measuring equipment (flow, pressure, and temperature meters) such as Rosemount, Yogokawa, and ABB.

• Repairing telephone sets, installing mobile radio sets on cars.

SKILLS:

Cisco (80/100)

• Experience and Knowledge of BGP, OSPF, EIGRP, RIP, MPLS, VLAN, STP, IPSEC, VPN, HSRP, VRRP, GRE Tunnel, ACL

• Experience of configuring and troubleshooting Cisco Switches and Router

Mobile Technologies (90/100)

• Knowledge of Telecommunication Technologies like GSM, EDGE, UMTS, LTE, 5G

• Knowledge of LTE/EPS and its different components- eNB, MME, S-GW, P-GW Experience and

• Experience of Open5gs project simulation

Wireless Systems (90/100)

• Experience and knowledge of configuration and setup of wireless transmitters
Linux (60/100)
• Experience and Knowledge of Centos and Ubuntu
Teamwork (100/100)
Team Leadership (90/100) Organized (95/100) Communications (90/100)
• Very good technical report writing and presentation skills
MS Office (80/100)
Quick Learner (90/100)
Work Ethic (100/100)

Personally I am a great teamwork, ambitious and nature lover. From my point of view life has two aspects, artistic and scientific. My inspiration is to make a positive impact on my surrounding environment.

Experience

SemFio Networks
Lead Wireless Engineer
September 2021 - Present (5 years)
Toronto, Ontario, Canada

Humber College
College Professor
January 2023 - Present (3 years 8 months)
Ontario, Canada

National Iranian Gas Company
SCADA Engineer
March 2008 - December 2020 (12 years 10 months)
Rey, Tehran Province, Iran

Education

Humber College
Graduate Certificate, Wireless Telecommunication · (2020 - 2021)

Azad University (IAU)

Master of Science - MS, Telecommunications Engineering · (2013 - 2018)

Azad University (IAU)

Bachelor of Science - BS, Telecommunications Engineering · (2006 - 2011)
